DENTAL RESIDENCY TRAINING PROGRAMMES LEADING TO THE DEGREE OF MASTER OF DENTAL SURGERY

Applications are invited for the July 2008 intake in the following specialties:
- Endodontics
- Oral & Maxillofacial Surgery
- Orthodontics
- Periodontology
- Prosthodontics

Aims of the Programme
This is a 3-year full time structured didactic and clinical training programme. The programme will provide the residents with:
- opportunities to manage and treat patients assigned to them to cover a wide range of cases in each specialty;
- the ability to carry out independent research investigations and critically evaluate scientific publications;
- the ability to effectively interface with other specialties and disciplines in the care of patients requiring interdisciplinary therapy.

Please refer to http://www.dentistry.nus.edu.sg/DGDS/dgds_index.htm for more information.

Entry Requirements
For admission as a candidate to the course leading to the degree of Master of Dental Surgery, a candidate must:
- Hold a basic dental degree (Bachelor of Dental Surgery or equivalent);
- Have at least two years full-time clinical experience in general dentistry after graduation (excluding internship);
- Complete the TOEFL or IELTS if the native tongue or medium of undergraduate instruction is not English. The minimum acceptable scores are: TOEFL – 580 (computer based score of 237 & above) or IELTS – 7.
- Have a pass in the Part 1 MDS Examination or equivalent.

Shortlisted candidates will be interviewed and may be required to take pre-admission written and/or manual dexterity test (attendance in person is compulsory for acceptance into the course).

Candidates without a pass in the Part 1 MDS Examination may apply for admission and be offered candidature on the condition of passing the Part 1 MDS Examination or equivalent prior to the commencement of training.

Health Requirements
All candidates applying for Dentistry should test negative for the Hepatitis B virus. Candidates who test positive for the Hepatitis B surface virus but negative for the Hepatitis B e-antigen are not eligible for the Dentistry course.
