Schedule (January 2013)
1pm – 2pm

Wednesday, 9 January 2013 @ SM3A

Speaker: Prof Ralph Katz from Department of Epidemiology & Health Promotion NYU College of Dentistry, New York

Title: Oral Neglect in Institutionalized Elders (ONiE): addressing a public health policy issue

Abstract: This presentation will, based on a review of recent research findings on developing a consensus definition of oral neglect for elders living in nursing homes, describe the subsequent public health policy pathways explored by a team of faculty and dental students to convert that 'consensus definition' into public policy.
