RCS Edinburgh Quincentennial Celebration 2005 Singapore
Convenor: Dr Howard Moody

CDE accreditation: 5 pts
MESSAGE

On behalf of all the local RCS Edinburgh Fellows, I would like to firstly wish the Royal College of Surgeons of Edinburgh a Grand Happy 500th Year! We are proud to be part of this eminent international organization. As a Regional Dental Advisor, I am privileged to be asked by the RCS Edinburgh Dental Council to stage a meeting for the Fellows (Surgical and Dental inclusive) in this part of the world and for Singapore to host this meeting.

The objective is to hold a one day Scientific Meeting cum Dinner in Singapore in order to facilitate the gathering of all Royal College of Surgeons Edinburgh Fellows in South East Asia for the celebration of the 500th Year of the Royal College of Surgeons of Edinburgh, United Kingdom. This meeting is also intended for the Dentists in this region to partake as their CPE programme.

We have the honour of a slate of representatives from the RCSEd to grace this Meeting as official and speakers. We are fortunate to have some of our local and regional fellows to speak at this meeting on the theme of “Restoring Facial Aesthetic through Dentistry”.

We invite all Fellows to come for this Meeting and especially to the Dinner held to commemorate the 500th Year of RCS Edinburgh.

Assoc Prof Yeo Jin Fei
Chairman
Local Organizing Committee
