

A CENTRE FOR ADVANCED DENTAL EDUCATION SSG-FUNDED WORKSHOP SERIES

3rd Run

Restorative Workshop Series 1 Management of Deep Caries – Vital Pulp Therapy or Root Canal Treatment?

Date & Time: Saturday (4 May 2024), 0900 – 1700 hr (7 CPE points)
Venue: NUCOHS L9 Auditorium & Simulation Lab
Target Audience: Dentists

Traditionally, clinicians are familiar with full pulpectomy and root canal treatment as the first-line option for managing pulp which is deemed irreversibly inflamed. In recent years, vital pulp therapy in mature teeth has been re-examined with renewed interest and is gaining traction. It is, therefore, meaningful to review and consider this potentially conservative approach as part of our daily practice.

Through this intensive hands-on workshop, participants will:

1. Appreciate the clinical and histological presentation of caries and endodontic diseases;
2. Understand the challenges of diagnosing pulpal conditions, the available treatment modalities and the factors affecting the case selections;
3. Apply the use of bioceramic materials in vital pulp therapy; and
4. Be exposed to various rotary instruments and learn how to use them safely and efficiently.

Requirement

Participants are required to bring 5 extracted teeth (preferably carious).

Our Trainer

Dr Wataru Ode

Assistant Dean
(Lifelong Learning)
NUS Faculty of Dentistry,
Consultant
National University Centre
for Oral Health, Singapore
(NUCOHS)

Dr Wataru Ode obtained his Bachelor of Dental Surgery at the National University of Singapore (NUS) in 2009. He received the NUHS Academic Medicine Development Award to pursue his Master of Dental Surgery (Endodontics) from NUS and obtained membership from the Royal College of Surgeons of Edinburgh in 2016. He has been certified as an accredited specialist in Endodontics with the Singapore Dental Council since 2019.

At present, he is a Consultant in Endodontics and holds the position of Head of the Division of Endodontics at the National University Centre for Oral Health, Singapore (NUCOHS). He is also the Director of the Office of Continuing Education, NUCOHS and concurrently holds the position of Assistant Dean (Lifelong Learning) in the Faculty of Dentistry, NUS. He is heavily involved in undergraduate and postgraduate education and spearheads the continuing education initiatives of the NUCOHS and the Faculty.
