

EDMUND TAY MAI HIONG GRADUATE SCHOLARSHIP

in Dental Sleep Medicine and Orofacial Pain

The Edmund Tay Mai Hiong (ETMH) Endowed Fund (EF) Graduate Scholarship supports postgraduate training programmes in the areas of dental sleep medicine, airway-centric dentistry and orofacial pain. The Lee Foundation has provided funding support of SGD\$145,500 per year for two years, which covers the tuition fee for the proposed postgraduate programme and incidental travel and living expenses for the successful candidate.

Continue reading for information on postgraduate training opportunities, selection criteria and application requirements.

Postgraduate Training

Individuals may apply for postgraduate training and research programmes in the above-named areas at the National University of Singapore or other universities as deemed suitable by the Selection Committee. This may also include doctoral and post-doctoral training in the above-named areas. The tenure of the training programme may vary, but should not be longer than 3 years.

Selection Criteria

- Possess a valid qualification in Dentistry
- Special interest in Dental Sleep Medicine with previous history of managing Obstructive Sleep Apnea patients with any of the following modalities: growth modification, mandibular advancement devices or orthodontic management as part of maxillo-mandibular advancement (MMA).
- Affiliated with an academic institution in Singapore and capable of contributing back to the professional training of future specialists in this field with didactic and clinical teaching to both undergraduates and postgraduate dentists.
- Willing to be involved as part of a multi- and inter-disciplinary team of sleep specialists to provide comprehensive care and capable of being involved in clinical research to help lead advances and improve outcomes for the Singaporean patient.

To submit the completed form or for any enquiries, please contact
Ms Perina Chiang at perina@nus.edu.sg.

Application Requirements

Interested individuals should submit the following documents:

- A completed application form
- A full curriculum vitae, providing details of prior experience in managing patients with obstructive sleep apnea
- A personal statement describing your motivation for applying to this fellowship
- A proposed work plan highlighting how you plan to make meaningful contributions after completing the fellowship

Deadline: 22 August 2025
