Applications for the GRADUATE DIPLOMA DENTAL IMPLANTOLOGY PROGRAMME

Academic Year 2027/2028
July Intake

The Graduate Diploma in Dental Implantology, offered by the Centre for Advanced Dental Education, is aimed at providing a sound scientific grounding and clinical training in implant dentistry. This two-year **part-time** programme is designed mainly for general dental practitioners who are interested in the field of dental implantology. The Graduate Diploma is accredited by the Singapore Dental Council as a "Displayable Additional Qualification (AQ)".

◈ Objectives

On completion of the course, the participant should be able to demonstrate the following competencies:

- Understand the science of implant dentistry and to apply the knowledge in clinical practice.
- Diagnosis and treatment planning in implant dentistry.
- Applying a multidisciplinary approach to the management of patients requiring implants.
- Skills in performing the surgical stages of implant dentistry.
- Skills in performing the restorative or rehabilitative phases in implant dentistry.

◈ Entry Requirements

Applicants will be eligible to be considered for admission if he/she:

- has a recognised basic dental degree
- has a minimum of five years of postgraduate clinical experience (candidate must be able to demonstrate appropriate baseline knowledge and skills in oral surgery and restorative dentistry and preferably have access to direct patient care)
- is practicing in Singapore (or has a valid practicing certificate with Singapore Dental Council)

Shortlisted applicants will be required to attend an admission interview in March/April to be conducted at the Faculty of Dentistry.

◈ Other Requirements

All candidates applying for Dentistry should test negative for the Hepatitis B virus. Candidates who test positive for the Hepatitis B surface virus but negative for the Hepatitis B e-antigen are not eligible for the course. Candidates are to submit a current certificate of immunisation against communicable disease (Hepatitis B). Candidates must also hold current malpractise insurance.

◈ Course Fees

Annual Tuition Fees for AY2027/2028: $29,300
($14,650 payable per semester)

Miscellaneous Student Fee for AY2026/2027 (Part-time): Please refer to this page.
(payable per semester over the two semesters for the entire candidature)

The fees quoted here are in Singapore dollars and are inclusive of the prevailing GST of 9%.

Please note that fees are subject to review by the University.

◈ Application Procedure

Applicants for the Graduate Diploma course are required to apply on-line at Application Management Portal and upload the relevant supporting documents. An on-line application fee of S$50.00 (inclusive of 9% GST) will apply.

◈ Closing Date

19 February 2027
